

***We care about our patients,  
And try to do our best.  
To work through all your  
problems,***

***So you can get some rest.  
Our Doctors care so  
greatly,***

***About your state of mind,  
They go above their duty,  
and treat you very kind.***

***No matter who you see  
here,***

***You will get the best of  
care,***

***So bring your worries to  
us, Your burden we will  
share.***
